

Kenmore Elite Ultra Wash HE Dishwasher PRODUCT FACTS

The Kenmore Elite Ultra Wash HE dishwasher system ensures great cleaning results while saving water and energy. Three distinct cleaning technologies combine to create the Ultra Wash HE wash system: The Ultra Wash HE filter, SmartWash HE sensors and Automatic Temperature Control.

Available Models:

- 13163

Highlights:

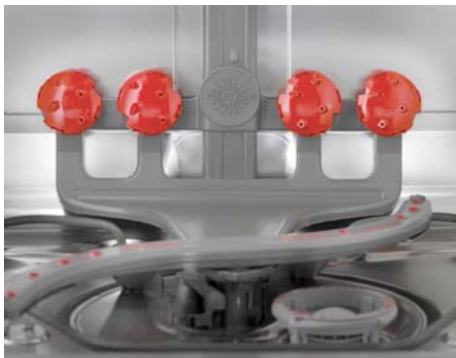

- Save on your energy bills – Costing \$26-\$34 a year to operate, this ENERGY STAR® qualified appliance uses up to 20% less energy than dishwashers without the ENERGY STAR® rating
- Conserve water and energy – The Ultra Wash® HE System saves up to 41% water and 34% energy
- Help the environment - SmartWash™ HE Cycle determines the right amount of time, water, and energy needed to clean dishes, so you get excellent cleaning results while using fewer resources
- Save effort with TurboZone™ Rotating Spray Jets - TurboZone™ provides a visual representation during each cycle stage and counts down until the cycle is complete, so you'll know exactly when your dishes will be clean and ready for use
- Clean with the power of steam – The Steam Sanitize option kills 99.999% of certain bacteria, giving you the peace of mind that your dishes, glassware, and baby bottles are clean and sanitized
- Get dishes done in a hurry – The 1-Hour Wash Cycle will quickly clean dishes when you need them

- Premium sound insulation – At 46dBA, this dishwasher with the Quiet Control sound package is so quiet you'll forget it's even running
- Improved drying results – The heavy-duty stainless steel tub holds up under high temperatures and retains heat, which means improved drying for your dishes

MSRP: \$899.99
